## 9:23 FELLOWSHIP

### 2026-27 Cohort

#### Focus

---

The 9:23 Fellowship exists to develop people through personal discipleship and study, so they might live in surrender and followership in their financial and spiritual lives. Each unit of the 9:23 Fellowship program is designed to explain, develop, and sharpen that focus in the lives of the participants.

#### Topics

The topics for each unit address this primary focus and guide the various learning activities. Here is a brief overview of the four units of the 9:23 Fellowship training:

##### [Unit 1: Biblical Theology of Money and Possessions](#)

A firm foundation in what the Bible says about money, possessions, generosity, and surrender is a crucial element to develop as a disciple who is fully informed and equipped to follow Jesus. This unit will take a deep look at the major themes presented in the Bible around money and possessions and their implications for our life in Christ.

##### [Unit 2: Exploring Generosity and Whole Life Surrender](#)

Moving from a knowledge of God's Word to living out those truths begins by exploring generosity and the call of Jesus to whole life surrender. This unit will challenge participants to deeply examine their current practices and path to a generous and surrendered life in Christ.

##### [Unit 3: Modeling Biblical Personal Finance](#)

This unit moves from theoretical to practical. Now that participants know what the Bible says and how they will obey and live out those directions, they can begin to develop a plan for aligning their financial and spiritual lives with their beliefs.

##### [Unit 4: Forming a Personal and Cultural Engagement Plan](#)

The program's capstone project is for each participant to develop a specific ministry action plan for putting into practice all they have experienced. Many participants implement their plans through work, ministry, church, or local community.

#### Readings

Participants will read 2-3 books during each unit. The books are designed to challenge and convict. Participants are expected to come to each interaction activity prepared to discuss what they gained from the required reading with one another. Because of the nature of the reading, it is expected there will be differing reactions and feelings about the books—this is by design. Don't expect to agree with everything you read but expect to be challenged by it.

### Required Reading List

- *Money, Possessions, and Eternity* by Randy Alcorn
- *CT Studd: Cricketer & Pioneer* by Norman Grubb
- *Joy Giving* by Cameron Doolittle
- *Free to Follow* by Michael Blue
- *The Choice* by Hoag, Rodin, and Willmer
- *With* by Skye Jethani
- *Celebration of Discipline: The Path to Spiritual Growth* by Richard Foster
- *Financial Hope* by Michael Blue

### Suggested Reading/Watch List

- *Neither Poverty nor Riches* by Craig Blomberg
- *Gospel Patrons* by John Rinehart
- *Master Your Money* by Ron Blue and Michael Blue

### **Video Teaching**

During four of the months, we will view David Platt's series, *Secret Church: The Gospel, Possessions, and Prosperity*. These videos will help to build a biblical theology that will run throughout the 9:23 Fellowship experience.

Other videos are designed to supplement the readings and to bring different points of view. Participants should watch the videos and come prepared to discuss what they have heard.

### **Activities**

Each unit will include at least one activity or assignment. These activities are intended to force participants to go deeper individually with the content. These exercises are one of the primary tools that will help participants engage with the content and come away with tangible changes in their lives.

### **Interaction**

Individual cohorts will meet every month for mutual engagement and growth, either online or in person. The 9:23 Fellowship concludes with a live event in May—a meaningful time of Commissioning, sharing, and encouragement.

### **Plan for Engagement**

The 9:23 Fellowship program is not merely a reading program; it is an equipping program intended to ignite active responses and involvement in God's work. The culmination is the guided development of a plan for engagement to put into practice what participants have learned and experienced. With the help of other participants, each person will develop a personal plan to engage their culture for Christ.
